

Located in the beautiful city of Edmonton, Alberta, we are seeking:

Diagnostic Medical Sonographers

Insight Medical Imaging has been providing Edmonton and surrounding areas with medical imaging services for over 50 years.

We offer competitive wages, employee benefits and pension, continuing education assistance, an attractive vacation package and a relocation allowance.

We provide education, resources and programs such as: In-house training, consulting and assessments; work life balance; massage therapy; and employee and family assistance programs.

Flexible Work Schedules/Time Away from Work:

Depending on business needs, employees may participate in one of several work options: Flexible start and end times and job sharing.

We encourage personal time off with an initial annual vacation leave of three weeks, which increases based on years of service. Other leaves with pay include time off for personal emergencies and learning activities.

If you are a self directed, highly motivated individual who would enjoy practicing in a supportive team environment, we would welcome the opportunity to review your qualifications and valued skills.

Successful applicants must be currently registered or be eligible for registration with ARDMS and/or CARDUP

Please forward your resume to:

Lori Neufeld, Director Human Resources
